Joe will contact the coaching team to start helping them get organised to resume training.

Nathan has said he is happy to meet with the coaching team and see if he can assist in getting them operating better together.

Nathan gave a snapshot of his meeting with the coaching team and confirmed with them the following points:

- The Board were meeting weekly.
- The financial challenges the club are facing due to Grant money no longer being available because of COVID-19 and the clubs dependency of this income stream.
- For the last 4-5 years the club has run at a loss.
- Moving out of Level 3 and into Level 2, the service we are able to provide will be a watered down version of how we operated pre COVID-19, which

will impact the clubs revenue.

- There may be a need to look at restructuring the club and that discussions will be had with the coaches before a definite decision is made.

In Committee Discussions.

Meeting closed at 7.39 pm.
