3. *Coaches Report*

Gary - SwimWell

Met with Matt Kilgore who runs SwimWell and is keen to work with Capital. His words were 'let's get through lockdown and then let's have a chat'.

Mini Squads – swim once a week, swim twice a week, swim three times a week etc. Kids identified as late developers or kids looking to improve their swimming for other aquatic sports are the ones to target.

Potential for 100 kids. Syllabus for mini squads, formalising in their brochures, getting recommend by Swim School to use Capital Swim. They can access the Capital Swimmers to help with coaching.

Gary – WCC / WRAC

Wishlist from Capital to get the kids back swimming. Meeting with Reece Fraser today and asked for an update. He said that their recommendation has gone up to Paul

Andrews and now waiting for feedback. WRAC centre likes the idea that only clubs use the facility from 3.30pm but pressure from the public to allow the public to swim.

Freyberg is now accessible to Capital if it wants in the afternoon but will have to use it as them swimming as "public swimmers". Trish has emailed asking to catch-up this week to discuss lane space

Gary – WCC / WRAC

National Short Course Champs – back on and will be a focus due to NZ moving down to Level 1. Communication back to coaches is "it's back on". Senior Swimmers may need to tee up own accommodation. *MT – needs to check the H & S element of having 16-year-old kids staying separately.*

Board commented that we would like Capital to go "as one club".

Policies Update

Policies close to being completed – Complaints Policy and Anti-Bullying Policy. People commented that Catherine has done a great job putting together draft policies and will look to complete the above two

Once confirmed these need to be communicated to the coaches.

In Committee Discussions.

Meeting closed at 9.46pm.
